Professional Summary

Results-driven **Full Stack Developer** with 3+ years of experience building scalable web applications using **.NET Core, Angular**, and **NestJS**. Proven success in improving API efficiency, streamlining deployments, and delivering high-performance solutions. Adept at troubleshooting, cross-functional collaboration, and driving code quality through reusable, optimized architectures.

Technical Skills

Languages: C#, TypeScript, JavaScript

Frameworks / Libraries: .NET Core, NestJS, Express.JS, React, Angular, Bootstrap

Databases: MS SQL Server, MySQL, Postgresql

Tools & Platforms: Git, GitHub, Bitbucket, VS Code, Postman, Swagger, .NET CLI, npm

Professional Experience

Rampwin Technology | Software Engineer - Jaipur, Rajasthan

Aug 2024 - May 2025

- Engineered and deployed RESTful APIs serving 10K+ daily requests, improving system reliability by 25%.
- Integrated multiple third-party APIs (payments, notifications, location) to expand platform capabilities.
- Optimized database queries, achieving 30% faster data retrieval and improved scalability.
- Resolved performance bottlenecks across modules, reducing downtime by 15%.
- Researched and implemented modern tools aligned with company technology goals.

Wiseapp | Software Engineer - Jaipur, Rajasthan

May 2022 - Aug 2024

- Developed and maintained modular .NET Core Web APIs, enhancing backend performance by 40%.
- Designed reusable Angular components, cutting development time by 35%.
- Implemented advanced form validation and dynamic rendering, improving UX and reducing form errors.
- Optimized frontend change detection to boost load performance by 20%.
- Collaborated with DevOps for smooth CI/CD deployments, ensuring zero-downtime releases.

Key Projects

GoGo Motor - Enhanced vehicle service platform; migrated APIs to NestJS and improved SQL performance by 40%.

Refreshment PWA - Built QR-based PWA for pantry orders; enabled 100+ daily transactions with responsive design.

Timer PWA - Developed meeting countdown PWA with real-time timers and alert notifications.

Wise Queue / Meetings / Visits - Implemented queue, meeting, and visitor management systems with QR, translation, and ID scanning.

Food Truck Manager (MERN Stack) - Full-stack web app with React, Express.js, MongoDB: JWT auth, CRUD functionality, deployed frontend on Vercel and backend on Render with full production ready architecture.

Education

Master of Computer Application (MCA) - S.S. Jain Subodh MCA Institute - Jaipur

2020-2022

Bachelor of Computer Application (BCA) - S S Jain Subodh P.G. College - Jaipur

2017-2020

Certifications

- Back End Development and APIs - freeCodeCamp
- JavaScript Certification - Sololearn
- Angular - Sololearn
- Docker Deep Dive: Build,Ship and Run Containers - Udemy
- Data Analytics Job Simulation - Deloitte Australia (Forage)
